

WOODWORKING PLANE SET-2PC

One of our Poluar Woodworking Kit that consist of most COMmonly used Planes :

JACK PLANE

Ideal for surface finishing and final smoothing. Ductile cast iron body for superior strength and resistance to impact. Adjustable frog lets you narrow the blade opening for fine shavings. Easy depth-of-cut adjustment and lateral blade adjustment. Solid brass cap iron and threaded fittings for smooth action. Sole of plane and back of blade are flat to tight tolerances. Blade and sole are treated with a protective layer of oil. Minimal setup and tuning required before use

BLOCK PLANE

Ductile Cast Iron Body Anf Fully Stress Relieved with Carbon steel Blades. The Blade Depths and Mouth are fully Adjustable Ensuing to Vary Chips Thickness. Narrow Mouth for Fine Finishing & a wider mouth Allows quick Stock removal on Less Critical Works. Large Brass Knobs for ease and comfortable Grips

Set is Packed in Very Fine Finished Wooden Box
