

DIVIDER WITH PENCIL HOLDERS

Two Points

One Point

- The locking knurled knob enables quick, smooth adjustments until contact with the center collar. The needle point metal tip makes strong engravings and will not slip.
- Hardened Points for Longer life and sometimes they use as Scriber Points
- EASY TO DRAW AND ADJUST - Lockable heavy-duty drawing compass for repeat measurements or drawing circles and arches, it won't skip or slide out of your control.
- IDEAL DRAFTING COMPASS FOR WORKSHOP - Use as a professional carpenters compass for woodworking, carpentry, metalworking or leatherwork
- HEAVY DUTY HEAVY BUILT- Professional Tool. Not recommended for Students. Sturdy Rivet Joint Structure
